Custom Form Fit Face Coverings

Frequently Asked Questions

How do I wash the masks? They are machine washable with mild soap and water.

What material is used on these masks? The front of the mask is an antimicrobial, anti-odor polyester and the inside lining is an antimicrobial cotton.

Is the elastic latex free? Yes.

Will these fit over my N95mask? No, they are designed to conform to your face.

What can I print on the masks? You can print your logo, an image, a pattern or pick one of the solid colors and add your logo to it.

What size should I make the art? Do you have a template? Please contact us for an art template.

How do I submit my artwork? Send all artwork to Purleve.

Can you do the artwork for me? We can provide simple design services if you need assistance.

How do I know what size to order? Measure your face from the bridge of your nose to just under your chin. If measurement is larger than 4.5", order the regular size. This size fits most people. If the measurement is less than 4.5", order the petite.
