

PÜRLEVE PÜR CLEAN HYBRID AUTO & MANUAL DISPENSING SYSTEM

PÜR CLEAN HYBRID AUTO & MANUAL LIQUID DISPENSING SYSTEM

The PürClean HYBRID Automatic Liquid Dispensing System is ADA compliant & ensures that the customer has all of their hand care needs in one solution. The proprietary dispenser is first an 'Automatic - No Touch' system; however, it can also be used as a Manual 'Push the Cover' Dispenser to ensure you are never without a 'dose!' The System offers Foam, Liquid & Spray refill options in a 1400 ML container that is 'Refillable' or a 'One Time Use'. The user can choose a small or large dose size for each refill leveraging proprietary dispensing technologies. A placard can be placed behind the Cover Lens for Branding and / or Liquid Identification purposes.
